Stainless Steel Grade

We use high quality Stainless steel Grade 202 which is highly demanded by the customer's Stainless Thickness Marker Sinks are manufactured with steel thickness 1mm. it prevents denting & noise pollution. So MARKER sink looks very heavy.

Plast Care

MARKER sinks are provided with special plastic lamination, which protects the sink from scratches and wear & tear, during installation.

Under Coat (Optional)

MARKER sinks have anti corrosive coating. The main advantage of this special feature are that it absorbs sound, protect against condensation built-up inside kitchen furniture, increase the sinks's life and helps to maintain sink water temperature.

Finish

Gloss Finish

Marker Sinks are having best quality Chrome finishing They are looking very shinning, looks like a mirror

Matt Finish

MARKER Sinks are also available in Matt finishing. They maintained the durability lifetime.

Sound Deadening Pad

It reduces of utensils while washing.

3"/4" Sink Coupling

MARKER sinks are having high quality stainless steel sink coupling which is available in 3 inch & 4 inch.
